

Clinical Audit in Radiology – Poster Prize.

The Faculty of Radiologists is once again grateful to the Health Service Executive for sponsoring the above competition at the 2010 Annual Scientific meeting of the Faculty at the RCSI from September 23rd-25th next. The prize is aimed at Specialist Registrars in training ideally collaborating with other members of any Clinical Audit Committees that may exist in their training institutions. Any issue that impacts on the quality of Radiological services can be audited. Both the Faculty and the HSE see this initiative as dovetailing nicely with the recent onset of audits/inspections required under SI 478 of 2002 and the need to demonstrate ongoing compliance with same. A perpetual trophy will be awarded to the winner and there may be secondary and tertiary prizes depending on the quality and quantity of the entries. The judging panel will comprise Faculty Board members and a representative of the HSE.

Please refer to the electronic and hard copy circulars publicizing the ASM for further details re poster formats and mechanism of entry.

A handwritten signature in blue ink, appearing to read 'Ronan S. Ryan', is shown on a light-colored background.

Dr. Ronan S. Ryan,
Chairman, Radiation Protection Committee,
Faculty of Radiologists.
